Spotlight Ministry of the Month:

The Ministry we'll be specifically praying for this month is:

NEW EARTH RECOVERY

New Earth Recovery is a non-profit Christian organization operating a residential recovery program in Skagit Valley, Washington. New Earth Recovery loves, strengthens, and accompanies people in recovery from substance addiction through faith-based healing community.

Who We Serve

New Earth Recovery serves adults who seek a structured, faith-based recovery program for drug and alcohol addiction. We support medication assisted treatment and partner with many local agencies including Drug Court, Catholic Community Services, Sunrise and Compass Mental Health, Didgwalic Wellness Center, Skagit County Detox, and inpatient treatment facilities statewide.

Our Philosophy

We believe deep emotional healing is needed to live a life of recovery. While those new in recovery often want to jump back into "regular life," recovery doesn't last unless the original issues that caused addictive patterns are dealt with. Through our relapse prevention program (The Genesis Process), a new way of doing community, solid recovery principles, and inner healing prayer, our residents find peace from the long-held traumas and grief of the past, freeing them to take the next step toward a sustainable, fruitful life.
